

# Internet Map for HCPS Families

compiled by

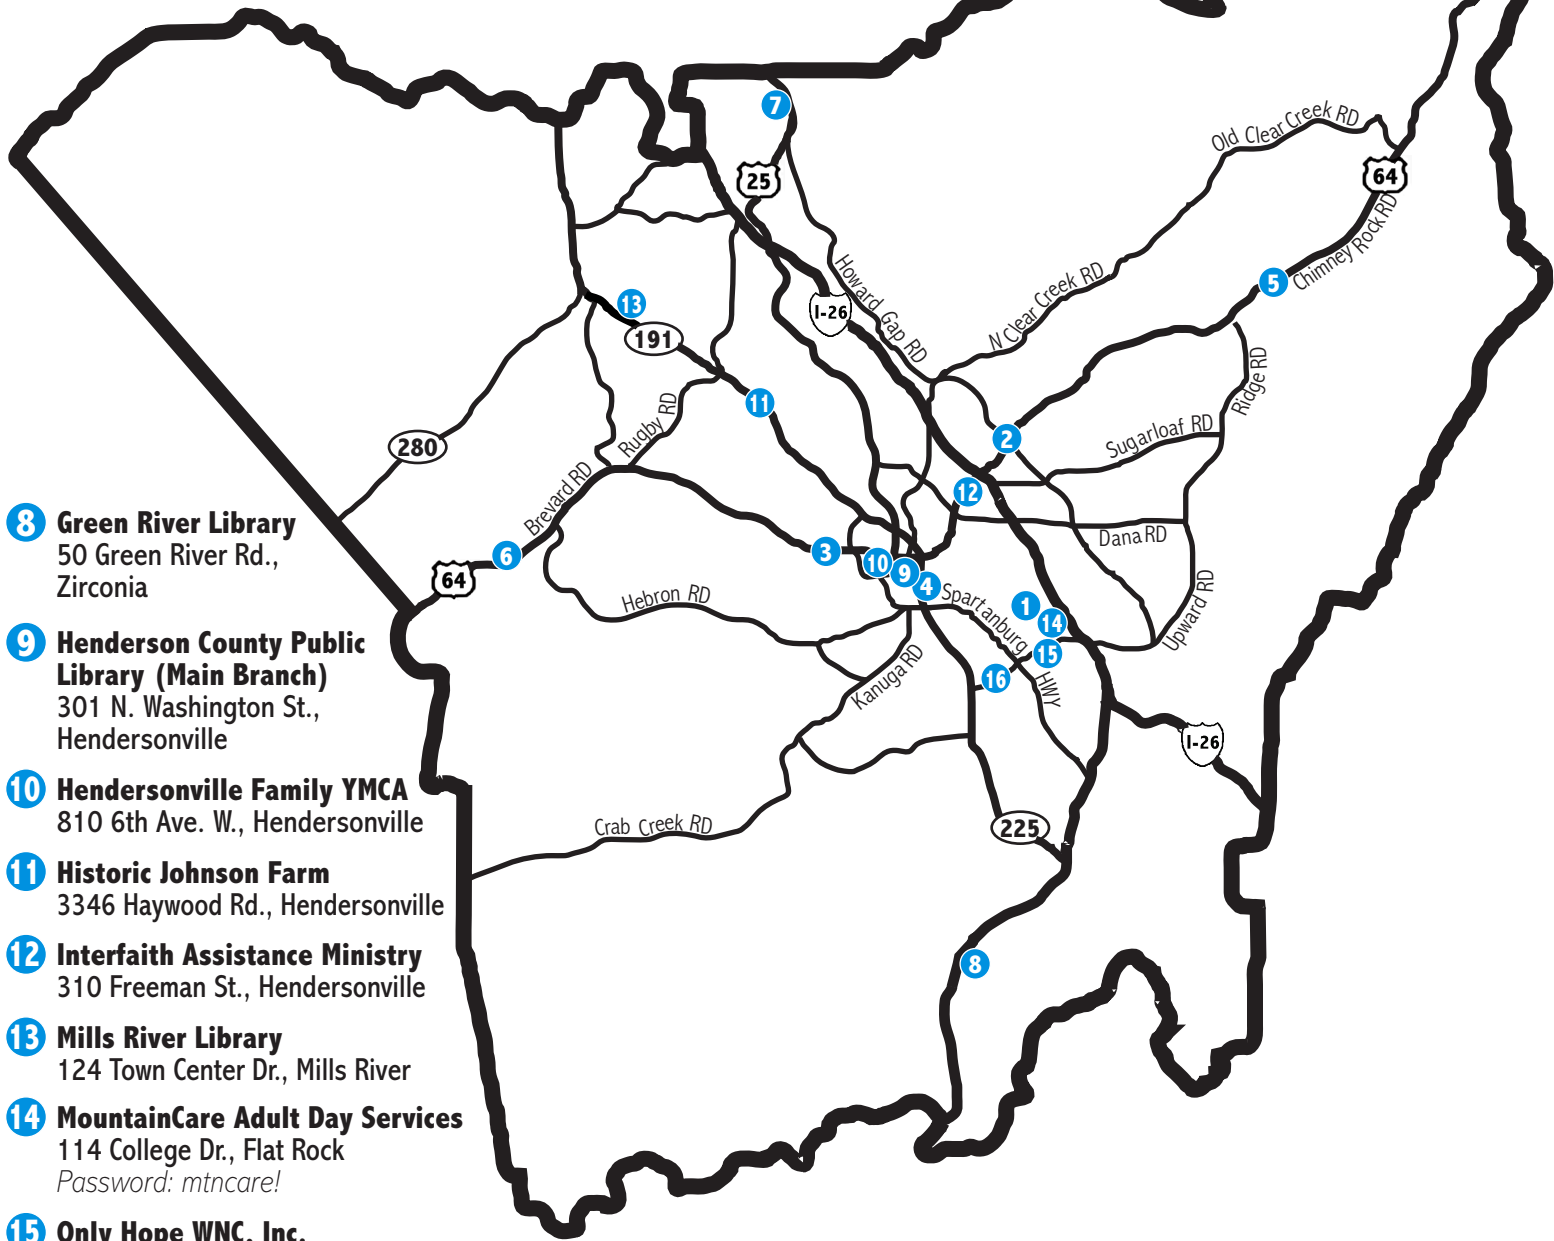

HENDERSON COUNTY  
EDUCATION  
FOUNDATION

Listed community partners are providing free parking lot Internet access to HCPS students for remote learning. Unless otherwise specified, networks are accessible without a password. The online version of this map is available at [www.HCPSNC.org/rtl-student-learning](http://www.HCPSNC.org/rtl-student-learning) and is updated as new locations are added. This print version is accurate as of August 14, 2020.

During the start of the 2020-21 school year the Henderson County Public Schools ("HCPS") will operate under Plan C of the North Carolina Department of Health and Human Services guidance to re-open North Carolina schools. During Plan C, students will access educational resources and assignments through the use of remote instruction. Several community organizations and businesses have offered for students to use their wifi/hotspot access. HCPS is providing a list and map of local businesses with WiFi/hotspot access that students and parents may access if they do not have reliable internet connections at home. HCPS cannot ensure the security of any public internet resource. Please take adequate precautions to ensure the security of your personal electronic device (i.e. laptop computer, Ipad, or smart phone) when accessing unsecured public WiFi connections to prevent compromising data/personally identifiable information stored on an electronic device. HCPS is not responsible for any damage to any personal electronic device or loss of information that occurs through or by a connection to a public internet connection.
