Our Belief:

Edneyville Elementary School is committed to fostering a strong partnership between our school, parents, and families to support the academic success and overall well-being of our students. As a Title I school, we recognize the importance of parent and family engagement in promoting student achievement. This Title I Parent and Family Engagement Policy outlines our commitment to ensuring that parents and families are actively involved in their child's education and have access to the resources and opportunities needed for their child's success.

Our Mission

At Edneyville Elementary, our mission is “Edneyville students LEAD; **L**earn, **E**ngage, **A**chieve & **D**ream”. In order to achieve this mission we strive to incorporate family and community engagement throughout the year to enhance each student's leadership journey. We do this by giving families the tools they need to help their student succeed.

Policy Framework:

Edneyville Elementary School will adhere to the following framework to enhance parent and family engagement:

1. Shared Responsibility:

We believe that student success is a shared responsibility between the school, parents, and families. We will actively involve parents and families in decision-making processes, policy development, and the design of our Title I programs.

2. Clear Communication:

We will maintain open, two-way communication with parents and families. This will include parent-teacher conferences, emails, Bloomz messages, and other forms of communication to keep parents informed about school activities, student progress, and opportunities for involvement.

3. Parent and Family Involvement:

We will encourage and provide opportunities for parents and families to participate in school activities, events, workshops, and committees that support their child's education.

4. Capacity Building:

We will provide parents and families with the resources and training necessary to actively engage in their child's learning. This may include workshops, resources, and information on how to support their child's education at home.
