RFQ # 2023-09
(Request for Qualifications) Design/Engineering/Architectural Firm
Gymnasium HVAC Unit Evaluation and Design
Three (3) High Schools

“ADDENDUM 01”

Issued: November 29, 2023

QUESTIONS

1. Which schools will be included int this project?

ANSWER:

East Henderson High School, North Henderson High School and West Henderson High School

2. Can you elaborate on the issues each school is experiencing and the goal(s) of the project?

ANSWER:

The gymnasiums at the (3) three high schools do not have air conditioning. It is our goal to have a turnkey fully functioning system for each location. Design services may include: Load calculations of spaces, electrical requirements, design and installation specifications for suspended ductwork and all other needed equipment. During the initial interview phase of this Request for Qualifications, site visits will be made available for qualified firms. This will allow for the collection of data necessary for firms to determine their project approach for each location.
